

## AP2 alpha (19Z17) Rabbit Monoclonal Antibody

Catalog# UZ-MA00159

### Product information

|                     |                                                                                                              |
|---------------------|--------------------------------------------------------------------------------------------------------------|
| 产品货号                | UZ-MA00159                                                                                                   |
| 别名                  | AP 2alpha; AP-2; AP2; AP2TF; BOFS; TFAP2; TFAP2A;                                                            |
| 产品名称                | AP2 alpha (19Z17) Rabbit Monoclonal Antibody                                                                 |
| 纯度                  | Affinity-chromatography                                                                                      |
| 类别                  | 抗体产品                                                                                                         |
| 基因名称                | TFAP2A                                                                                                       |
| 推荐应用                | WB,IHC-P,IF-ICC,FCM,IP,IF-P                                                                                  |
| 反应种属                | Human,Mouse,Rat                                                                                              |
| 存储缓冲液               | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA. |
| Human Gene ID       | 7020                                                                                                         |
| Human Swissprot No. | P05549                                                                                                       |
| 免疫原                 | A synthetic peptide of human AP2 alpha                                                                       |
| 稀释度                 | WB 1:1000-1:5000, IHC-P/IF-P 1:100-1:200, IF-ICC 1:50, FCM 1:20-1:50, IP 1:20                                |
| 参考分子量               | 48kDa                                                                                                        |
| 预测分子量               | 48kDa                                                                                                        |
| 运输及保存条件             | -20°C/1 year                                                                                                 |
| 宿主                  | Rabbit                                                                                                       |
| 同种型                 | IgG                                                                                                          |
| 注意事项                | AP2 alpha Antibody is for research use only and not for use in diagnostic or therapeutic procedures.         |
| 细胞定位                | Nucleus.                                                                                                     |
| Clonality           | Monoclonal                                                                                                   |
