| 产品货号                | UZ-MA00338                                                                                                                                                                                                     |
| 别名                  | APOER2; Apolipoprotein E receptor 2; LRP8;                                                                                                                                                                     |
| 产品名称                | ApoER2 (6F12) Rabbit Monoclonal Antibody                                                                                                                                                                       |
| 纯度                  | Affinity-chromatography                                                                                                                                                                                        |
| 类别                  | 抗体产品                                                                                                                                                                                                           |
| 基因名称                | LRP8                                                                                                                                                                                                           |
| 推荐应用                | WB,IP                                                                                                                                                                                                          |
| 反应种属                | Human,Mouse,Rat                                                                                                                                                                                                |
| 存储缓冲液               | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% BSA.                                                                                                   |
| Human Gene ID       | 7804                                                                                                                                                                                                           |
| Human Swissprot No. | Q14114                                                                                                                                                                                                         |
| 免疫原                 | A synthetic peptide of human ApoER2                                                                                                                                                                            |
| 稀释度                 | WB 1:1000-1:5000, IP 1:10-1:100                                                                                                                                                                                |
| 参考分子量               | 130,106kDa                                                                                                                                                                                                     |
| 预测分子量               | 106kDa                                                                                                                                                                                                         |

| 宿主                  | Rabbit                                                                                                                                                                                                         |
| 同种型                 | IgG                                                                                                                                                                                                            |
| 注意事项                | ApoER2 Antibody is for research use only and not for use in diagnostic or therapeutic procedures.                                                                                                              |
| 细胞定位                | Cell membrane; Single-pass type I membrane protein. Secreted. Note=Isoforms that contain the exon coding for a furin-type cleavage site are proteolytically processed, leading to a secreted receptor fragment |
| Clonality           | Monoclonal                                                                                                                                                                                                     |
